

Starr's Mill High School Choral Department
Choral Performance Apparel Information
2023-2024

All choral students will choose from one of three performance apparel options (see descriptions below) when ordering new performance apparel. Returning students may wear dresses/tuxes from previous years. All choir members will need closed-toed black dress shoes and black socks/hose for performances. Measurements will be made by a member of the choral boosters. We will select the size closest to your child's measurements but be aware that performance apparel is not custom made and some alterations may be necessary.

****If choosing the dress option, please have dresses hemmed **one inch from the floor**. Be sure to have your child wear **black dress shoes** (closed-toed, with back, maximum 2 in. heel) they will wear for performances when you measure for the hem. In most cases, this outfit will be worn for your child's entire career in the SMHS Choral Program.**

Please Note: Being a member of a Starr's Mill High School Choir is not contingent on the ability to purchase an outfit. If special arrangements need to be made, please contact Ms. Clark at clark.kellie@fcboe.org
